

PALURU LAXMI MOUNIKA

Email: mounikanaidu004@gmail.com

Mobile: +91 7981656257

Career Objective:

Motivated Computer Science Engineering student with a strong interest in Software Development and Cyber Security, AI based applications, and frontend technologies. Skilled in programming languages like C, C++, Java, Python and web technologies with hands-on exposure in academic and hackathon projects. Seeking opportunities to apply technical skills, gain practical experience, enrich my skills and contribute effectively in professional environment.

Educational Qualification:

S. No	Qualification	Board/University	Year of Passing	Percentage
1.	Graduation (Computer Science Engineering)	Gayatri Vidya Parishad College of Engineering, Vishakhapatnam.	2028	
2.	Intermediate (MPC)	Sri Viswa Junior College, Vishakhapatnam.	2024	98.3%
3.	SSC	St. Josephs English Medium High School, Vizianagaram.	2022	97.16%

Technical Skills:

Programming Languages: C, C++, Python, Java.

Web Technologies: HTML, CSS, JavaScript.

Tools & Platforms: VS Code, GitHub, StreamLit, Figma.

Database: MySQL.

Core Concepts: Data Structures, Object-oriented programming, Operating Systems, DBMS, Design and Analysis of Algorithms.

UI/UX Skills: Wireframing, Prototyping.

Internships:

Completed and certified in Palo Alto Cyber Security Virtual Internship.

Completed and certified in Alteryx Data Analytics Process Automation virtual internship.

Completed and certified in MERN Full Stack Development Internship with Project.

ServiceNow Internship.

UI/UX Design Internship.

Certifications:

Certified in Python Programming and Artificial Intelligence courses in NPTEL.

Certified in C++ Course from IIT Bombay.

Certified with Smart Bridge Generative AI course

Certified in Learn-to build an App Course.

Participated in technical workshops and skill development programs.

Projects:

- 1) Study Mate- an AI powered PDF-Based Q&A system. Developed an AI-powered system for answering questions from uploaded PDF documents using Python and AI tools like Hugging face.
- 2) E-commerce Website – Designed and developed an e-commerce website with frontend functionalities and user interface and backend integration.
- 3) My Helper – remote access mobile application. Worked as a part of a team to develop a mobile application enabling remote phone access and some features.
- 4) UI/UX Prototyping Projects- Created wireframes and interactive prototypes using Figma.
- 5) Created a Shopping Website.

Personal Details:

Date of Birth: 14/06/2007.

Nationality: Indian

Address:

Dr no 6-74, plot No -42, RTC Colony,
Vizianagaram, Andhra Pradesh.
